Lighting and electrical parameters

|                                           |                     |
|-------------------------------------------|---------------------|
| Light source                              | LED                 |
| Luminous flux LED [lm]                    | 5734                |
| LED power [W]                             | 34                  |
| Luminaire luminous flux [lm]              | 4722                |
| Power of luminaire [W]                    | 36                  |
| Luminaire's light efficiency [lm/W]       | 131                 |
| Color of the light [K]                    | 3000                |
| CRI                                       | >80                 |
| SDCM (LED sources)                        | 3                   |
| Photobiological risk class (IEC/EN 62471) | RG0                 |
| Protection against electric shock         | I                   |
| Protection degree                         | IP44                |
| Voltage                                   | 220-240 V, 50-60 Hz |
| Lifetime of LED sources [h]               | 150000              |
| Lx/By                                     | L80/B50             |
| Operating temperature range [°C]          | 5 ÷ 30              |
| Driver                                    | LED Driver          |

Mechanical parameters:

|                  |                           |
|------------------|---------------------------|
| Assembly         | pendant - slings required |
| Material         | aluminium                 |
| Color            | black                     |
| Diffuser         | MPRM microprism           |
| Impact resistant | IK06                      |
| Weight [kg]      | 1.95                      |
| Dimensions [mm]  | 1135 x 60 x 72            |
