Lighting and electrical parameters

|                                     |                     |
|-------------------------------------|---------------------|
| Light source                        | LED                 |
| Luminous flux LED [lm]              | 9604                |
| LED power [W]                       | 62.4                |
| Luminaire luminous flux [lm]        | 6842                |
| Power of luminaire [W]              | 65                  |
| Luminaire's light efficiency [lm/W] | 105                 |
| Color of the light [K]              | 4000                |
| CRI                                 | >90                 |
| SDCM (LED sources)                  | 3                   |
| Protection against electric shock   | I                   |
| Protection degree                   | IP65                |
| Voltage                             | 220-240 V, 50-60 Hz |
| Lifetime of LED sources [h]         | 150000              |
| Lx/By                               | L70/B50             |
| Operating temperature range [°C]    | 5 ÷ 30              |
| Driver                              | DALI Driver         |

Mechanical parameters:

|                  |                                   |
|------------------|-----------------------------------|
| Assembly         | recessed into the modular ceiling |
| Material         | steel sheet                       |
| Color            | white                             |
| Diffuser         | MPRM SH microprism tempered glass |
| Impact resistant | IK08                              |
| Dimensions [mm]  | 595 x 595 x 80                    |
