Lighting and electrical parameters

|                                     |                     |
|-------------------------------------|---------------------|
| Light source                        | LED                 |
| Luminous flux LED [lm]              | 4484                |
| LED power [W]                       | 22                  |
| Luminaire luminous flux [lm]        | 3693                |
| Power of luminaire [W]              | 24                  |
| Luminaire's light efficiency [lm/W] | 154                 |
| Color of the light [K]              | 4000                |
| CRI                                 | >80                 |
| SDCM (LED sources)                  | 3                   |
| Protection against electric shock   | I                   |
| Protection degree                   | IP44                |
| Voltage                             | 220-240 V, 50-60 Hz |
| Lifetime of LED sources [h]         | 150000              |
| Lx/By                               | L80/B50             |
| Operating temperature range [°C]    | 5 ÷ 30              |
| Driver                              | LED Driver          |

Mechanical parameters:

|                  |                           |
|------------------|---------------------------|
| Assembly         | pendant - slings required |
| Material         | aluminium                 |
| Color            | white                     |
| Diffuser         | MPRM microprism           |
| Impact resistant | IK06                      |
| Dimensions [mm]  | 1130 x 60 x 72            |
