Lighting and electrical parameters

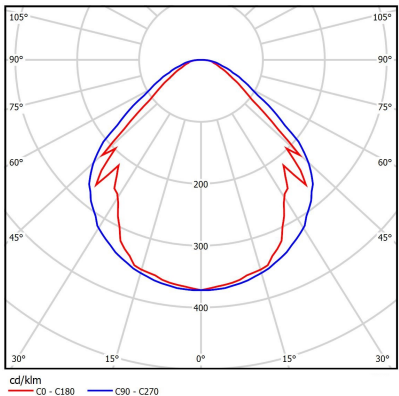

|                                           |                   |
|-------------------------------------------|-------------------|
| Light source                              | LED               |
| Luminaire luminous flux [lm]              | 5991              |
| Power of luminaire [W]                    | 40.9              |
| Luminaire's light efficiency [lm/W]       | 146               |
| Color of the light [K]                    | 4000              |
| CRI                                       | >80               |
| SDCM (LED sources)                        | 3                 |
| Photobiological risk class (IEC/EN 62471) | RG0               |
| Protection against electric shock         | I                 |
| Protection degree                         | IP44              |
| Voltage                                   | 220-240V, 50-60Hz |
| Lifetime of LED sources [h]               | 150000            |
| Lx/By                                     | L80/B50           |
| Operating temperature range [°C]          | 5 ÷ 30            |
| Driver                                    | LED driver        |

Mechanical parameters:

|                  |                       |
|------------------|-----------------------|
| Assembly         | ceiling mounted       |
| Material         | aluminum              |
| Color            | anodized aluminum     |
| Diffuser         | MPRM micropism        |
| Impact resistant | IK06                  |
| Dimensions [mm]  | 531 531 540 x 60 x 72 |
